

EDUCATION

B.S. University of Pittsburgh at Johnstown. 2007. Geology

Relevant Courses:

Physical Geology, Historical Geology, Geomorphology, Mineralogy and Optical Mineralogy, Igneous and Metamorphic Petrology and Petrography, Sedimentation and Stratigraphy, Structural Geology, Report Writing and Computer Applications in Geology, Geologic Field Methods, Solid Earth Geophysics, Hydrology, Hydrogeology

Certification:

- Eichelbergers, Inc. "40-Hour Hazardous Waste Operations & Emergency Response Site Workers Training." June 4-8, 2007.

EXPERIENCE

May 2007 to Present: *Staff Geoscientist, Meiser & Earl, Inc., State College, Pennsylvania.*
Duties included: well logging, ground-water sampling, pumping tests, soils sampling, data collection and evaluation.

December 2006 to May 2007: *Internship with Mountain Research LLC., Altoona, Pennsylvania.*
Duties included: Driller's assistant, well logging, well sampling, remediation systems checks, pumping tests.

2006 (Spring Semester): *Department Internship, Geology Department, University of Pittsburgh at Johnstown, Pennsylvania.* Duties included: Assisting with the teaching of the Igneous and Metamorphic Petrology and Petrography class, preparing samples to be sent out to make thin sections.

2004-May 2007: *Geology Department Work Study, University of Pittsburgh at Johnstown, Pennsylvania.* Duties included: maintaining a seismograph, typing/scanning geology related materials to be used for class work.

Skills:

- Rock and mineral identification
- Logging Core Samples
- Well Sampling
- Geologic map interpretation
- Thin section construction and interpretation
- Proficiency in basic Windows applications including Word, Excel, and CorelDraw
- Operation of geophysical and other geological equipment

Professional Affiliations

- National Ground Water Association, Association of Ground Water Scientists and Engineers
